The new draft Willoughby Comprehensive LEP and DCP

Naremburn

28 April 2022

Local Community Briefing

On behalf of Willoughby City Council, I wish to acknowledge the traditional inhabitants of the land on which we stand, the Aboriginal People, their spirits and ancestors. We acknowledge the vital contribution that indigenous people and cultures have made and still make to the nation that we share, Australia.

Short video:
Overview in relation to this exhibition from Mayor Tanya Taylor and Dr Deborah Dearing, the North District Commissioner for the Greater Sydney Commission (GSC)

https://youtu.be/7S4FKqdhlOo

.

How the webinar will run

- Presenters this evening introduced
- Common slides in all webinars- providing consistency and context and all webinars.
- Important message from Northern Sydney LHD about healthy built environments
- Welcome to all Councillors in attendance
- QUESTIONS can be submitted any time in the Q&A function of the Zoom
- Staff will respond to these if straightforward – if not within the next 10 working days
- VERBAL QUESTIONS at the end alternating between Chamber and on line
- FEEDBACK / COMMENTS in the 'CHAT' area of Zoom
- Cameras switched off and microphones muted to reduce background noise.
- Webinar is being recorded and will be available on HYS by the end of the following day. Those asking questions in the Chamber to note. Your image and voice may be recorded, publicly broadcast and archived. By attending this evening this should be understood

AGENDA

6.00 pm **Introduction**

- **Strategic Planning background**
- **Zoning name changes – State Government**

6.15 pm **Northern Sydney Local Health District – creating a Healthy Built Environment in Willoughby**

6.30 pm **Draft LEP and DCP - Naremburn Local Centre**

- **Zoning**
- **Height**
- **Floor Space**
- **Special Provisions (affordable housing and design excellence)**
- **Active Street Frontages**
- **Design Excellence**
- **Heat island impacts**

6.50 **Draft LEP and DCP – General**

7.15 pm **QUESTIONS**

7.30 **Thank you and next steps**

Headline Changes

Local Environment Plan

- **Growing Chatswood CBD** to the North and South – in line with CBD Strategy adopted by Council and publicly exhibited
- Increasing **density in our local centres** – in line with Local Centres Strategy adopted by Council and publicly exhibited
- More **height and density in Industrial zones** – in line with Industrial Lands Strategy adopted by Council and publicly exhibited
- New **design excellence requirement**, **increase affordable housing** from 4% up to 10%, and **manage urban heat** impacts.
- **Alignment** of residential controls **with Code SEPP** (Exempt and Complying)
- Inclusion of **landscape controls** in LEP from DCP

Development Control Plan

- Strengthen **heritage controls**
- **Reduction of parking requirement** for railway precincts (Chatswood, Artarmon and St Leonards)

12 Week exhibition period with consultation events

Process for New Council Initiated Comprehensive LEP

Specific Strategies prepared to guide future LEP and DCP preparation
CBD; Housing; Local Centres; Industrial Lands; Affordable Housing; Integrated Transport; St Leonards/Crows Nest and North District Plan (GSC)

→ Local Strategic Planning Statement (Adopted by Council 10 February 2020)

→ Draft LEP (Planning Proposal)

→ To WLPP for advice

→ Reported to Council

→ Referred to DPE for 'Gateway' determination

→ 'Gateway' granted Dec 2021 specifying requirements to proceed to exhibition

→ Satisfy 'Gateway' requirements

→ Exhibit minimum 28 days (3 months)

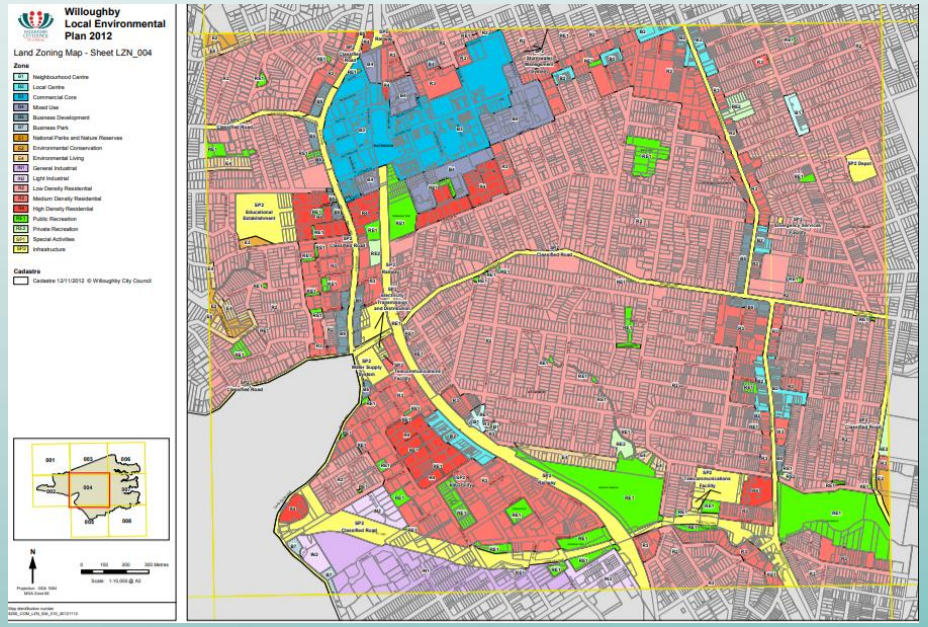

→ Report to Council

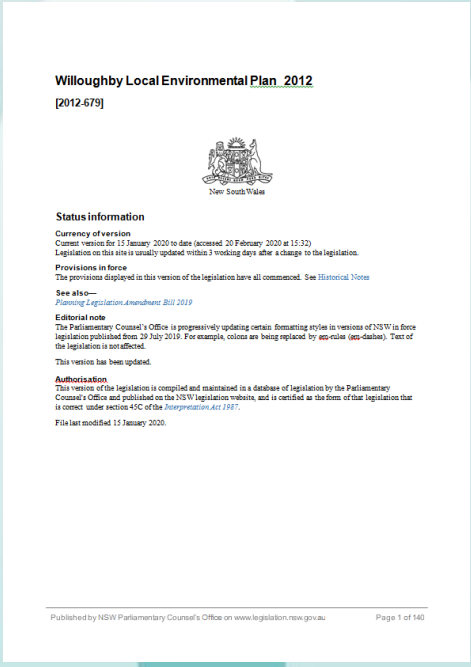

→ Refer to DPE for LEP to be made/gazetted

→ LEP takes effect from the date of notification on NSW Legislation website

Current Willoughby Local Environmental Plan 2012

- Work commenced in 2006
- Exhibited in 2010 and re-exhibited in 2012
- Came into force in February 2013 so now 9 years old
- 22 amendments since Gazettal

Willoughby Local Environmental Plan 2012

[2012-679]

New South Wales

Status information

Currency of version
Current version for 15 January 2020 to date (accessed 20 February 2020 at 15:32)
Legislation on this site is usually updated within 3 working days after a change to the legislation.

Provisions in force
The provisions displayed in this version of the legislation have all commenced. See Historical Notes

Planning Legislation Amendment Bill 2019

Editorial note
The Parliamentary Counsel's Office is progressively updating certain formatting styles in versions of NSW in force legislation published from 29 July 2019. For example, colons are being replaced by em-rules (em-dashes). Text of the legislation is not affected.

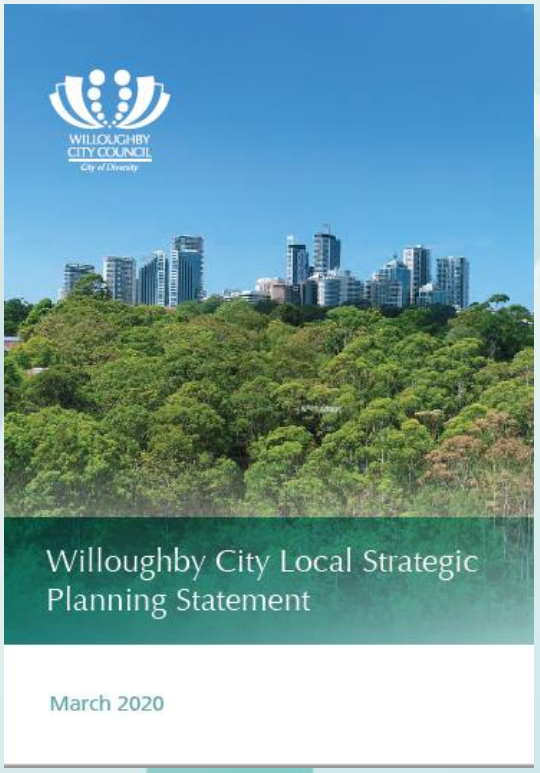

This version has been updated.

Authorisation
This version of the legislation is compiled and maintained in a database of legislation by the Parliamentary Counsel's Office and published on the NSW legislation website, and is certified as the form of that legislation that is correct under section 45C of the *Interpretation Act 1987*.

File last modified 15 January 2020.

Willoughby Local Strategic Planning Statement (LSPS)

- Following issue of District Plans across Sydney (GSC) in 2018 by the Greater Sydney Commission all Councils required to prepare an Local Strategic Planning Statement (LSPS)
- This sets a 20 year vision with priorities and actions for the entire LGA
- Comprehensive LEP gives statutory effect to LSPS actions by:
  - implementing the planning controls provided in the local strategies prepared by Council
  - providing land use controls to achieve the outcomes sought in terms of housing, transport, heritage, health and liveability, economy and employment, waterways, biodiversity, climate change, resilience, social infrastructure and collaboration.

Basis of the new dLEP

Drawn from conclusions and recommendations in our existing strategies delivered through extensive community consultation since 2017 and included in the LSPS:

- *Willoughby Local Centres Strategy*
- *Chatswood CBD and Urban Design Strategy to 2036*
- *Willoughby Industrial Lands Strategy*
- *St Leonards Crows Nest 2036 Plan*
- *Willoughby Housing Strategy*
- *Integrated Transport Strategy*

and will assist in responding to the new

- *Resilient Willoughby Strategy and Action Plan 2021*

Basis of the new dLEP

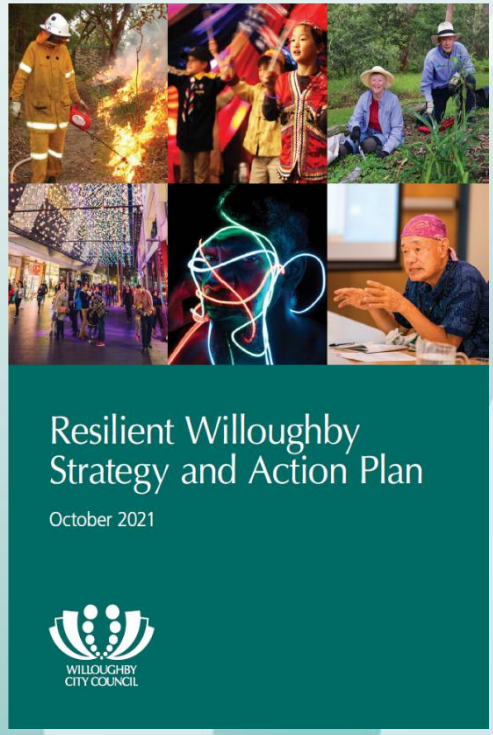

Council's *Resilient Willoughby Strategy* strives for:

Resilient places to withstand climate change, sustain biodiversity and support vibrant, connected communities

- Address the decline in urban biodiversity and tree canopy, reduced availability of green infrastructure
- Urban Greenways to better connect our unique green spaces and enhance opportunities for residents to enjoy nature and improve fitness by walking and cycling
- protect and extend the urban tree canopy (including green walls and roofs)

Resilient buildings which are safe, well-designed, affordable and sustainable

- Enhanced affordable housing opportunities e.g. improved access for vulnerable people and key workers, increased supply
- Response to extreme heat impacts which compromise comfort, productivity and health with sustainable programs to address thermal comfort in the built environment (indoors and outdoors)

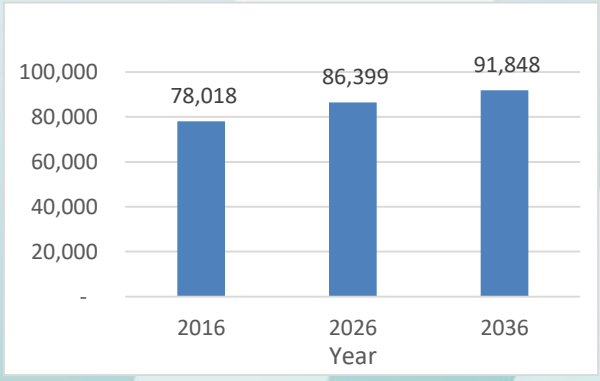

Key statistics for Willoughby in future planning

Population, housing and jobs growth

The population is expected to grow from 78,000 in 2016 by 14,000 people to almost 92,000 in 2036.

The number of dwellings is expected to grow by over 6,700 from 30,367 in 2016 to over 37,000 in 2036. The 5 Year dwelling target of 1250 new dwellings between 2016 and 2021 met (North District Plan)

The number of jobs in Willoughby City is expected to grow from 64,000 to 74,600 in 2036 with a 6,300-8,300 jobs target for Chatswood CBD (North District Plan).

FORECAST POPULATION GROWTH TO 2036

State changes to zones Environmental zones

- On Dec 1 2021, the NSW Government renamed ‘environment zones’ to ‘conservation zones’ under clause 2.1 Land use zones of the Standard Instrument – Principal Local Environmental Plans.
- The former E zones were:
  - E1 National Parks and Nature Reserves
  - E2 Environmental Conservation for areas with high ecological, scientific, cultural or aesthetic values outside national parks and nature reserves.
  - E3 Environmental Management for land where there are special ecological, scientific, cultural or aesthetic attributes that require careful consideration/management and for uses compatible with these values.
  - E4 Environmental Living for land with special environmental qualities.

- The new conservation zones now in LEPs are:

  - Zone C1 – National Parks and Nature Reserves
  - Zone C2 – Environmental Conservation
  - Zone C3 – Environmental Management (NA)
  - Zone C4 – Environmental Living

State changes to Employment (IN and B)Zones

- The existing Business (B) and Industrial (IN) zones will be replaced with five new employment zones and three supporting zones under Standard Instrument (Local Environmental Plans) Order 2006 (SI LEP Order).
- These are:

New zones	*Existing zones*
• E1 Local Centre	(B1 and B2)
• E2 Commercial Centre	(B3)
• E3 Productivity Support	(B5 and B7)
• E4 General Industrial	(IN1 and IN2)
• E5 Heavy Industrial	(IN3) (NA)

The 3 supporting Zones are:

• MU 1	(B4)
• W4	(IN 4) Working waterfront (NA)
• SP4	local enterprise zone (new precincts) (NA)

- The transition details are on exhibition with Council's dLEP at the request of the State government - the outcomes of exhibition will be reflected in the final LEP

Creating a Healthy Built Environment in Willoughby

Naremburn Local Centre

Existing Strengths of Naremburn Local Centre

Strengths:

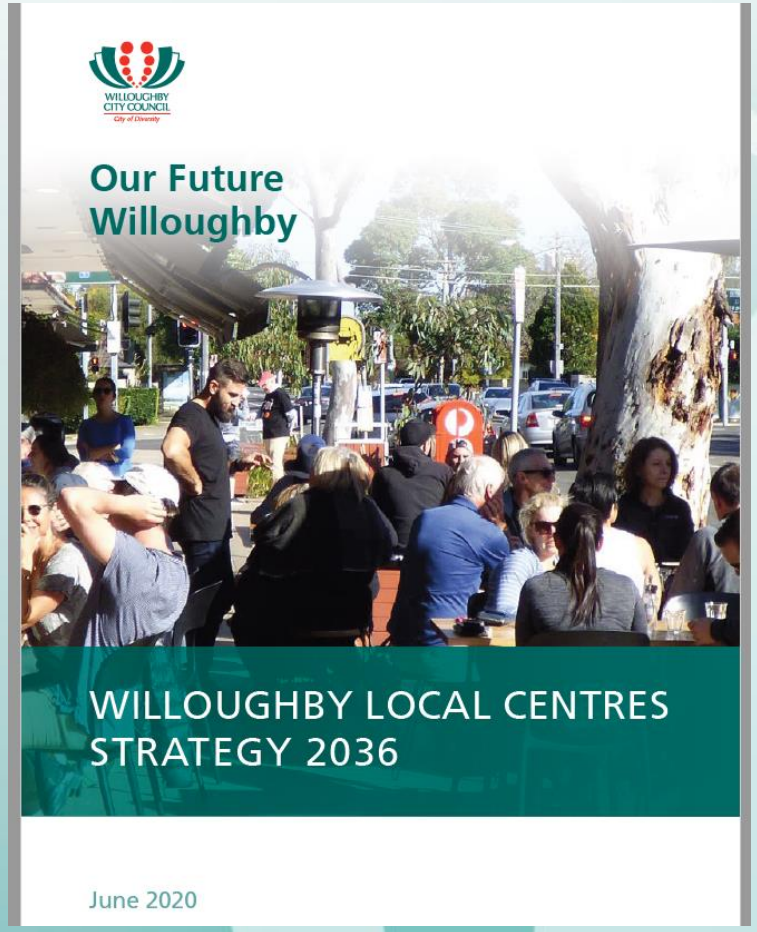

- Attractive cafes, restaurants, shops and range of services
- Heritage items
- Shop facades with character

Key Changes to Naremburn Local Centre

Plans for the Naremburn Local Centre are guided by the adopted Willoughby Local Centres Strategy to 2036.

Goals:

- Retain fine grain shop fronts/facades fronting Willoughby Road
- Provide for 3 to 4 storeys with shop-top housing fronting Willoughby Road
- Provide public open space to the rear away from Willoughby Road
- Relocate parking to the rear of local centre
- A new public plaza and through site link between Glenmore and Willoughby Roads
- Potential for small supermarket on larger site at the corner fronting Quiamong Street to meet local needs.

Masterplan for Naremburn Local Centre in WDCP

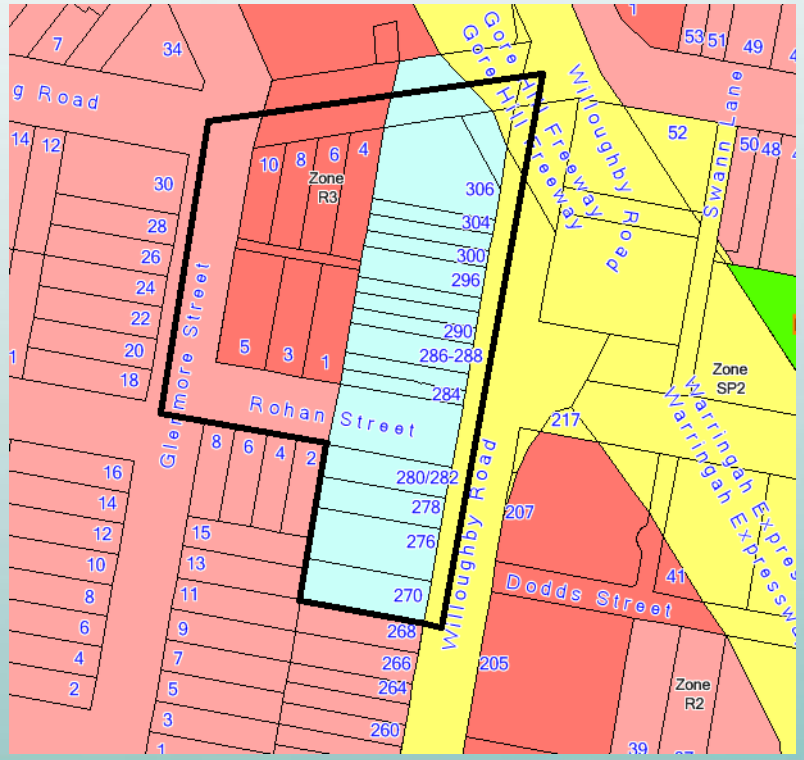

Key features

1. Retention of fine grain shop fronts/façades fronting Willoughby Road.
2. Up to 3-4 storeys with shop top housing on amalgamated lots fronting Willoughby Road.
3. Retention of heritage buildings/façades
4. Public parking and services access to the rear of lots fronting Willoughby Road.
5. Relocate some parking to rear laneway to create additional high quality public space fronting Willoughby Road.
6. A new public plaza and through site link.
7. Residential apartments on amalgamated sites up to 4 storeys with ground floor retail fronting a new public space.
8. Pedestrian arcade/through-site link
9. Potential small supermarket on larger site (could include basement parking)

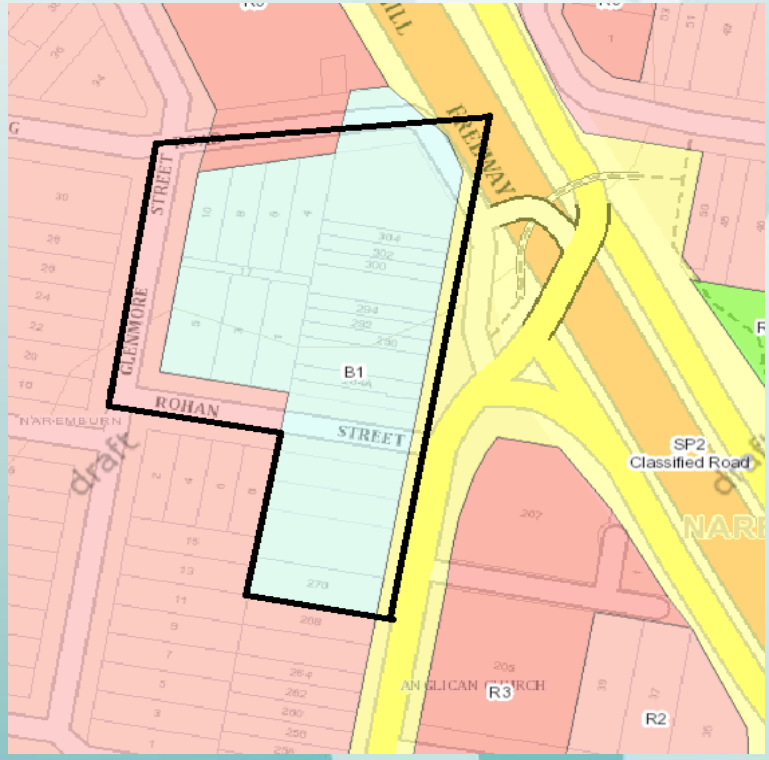

Change to Zoning

- The draft WLEP proposes to rezone R3 land fronting Glenmore Street to B1 Neighbourhood Centre to permit shop-top housing up to 4 storeys

EXISTING

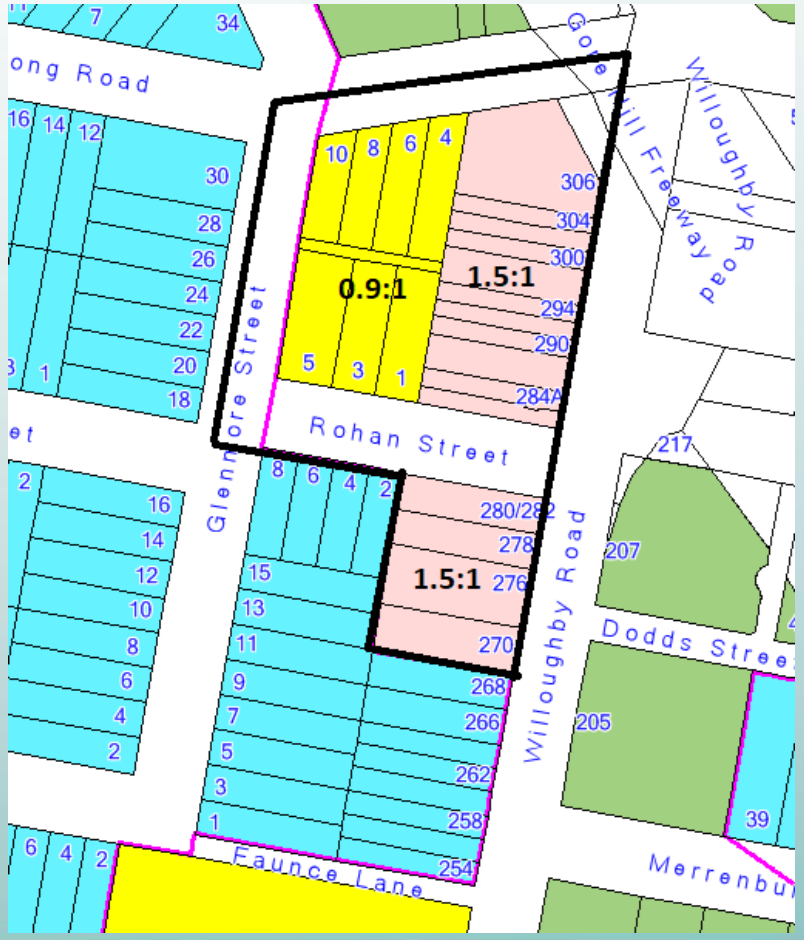

PROPOSED

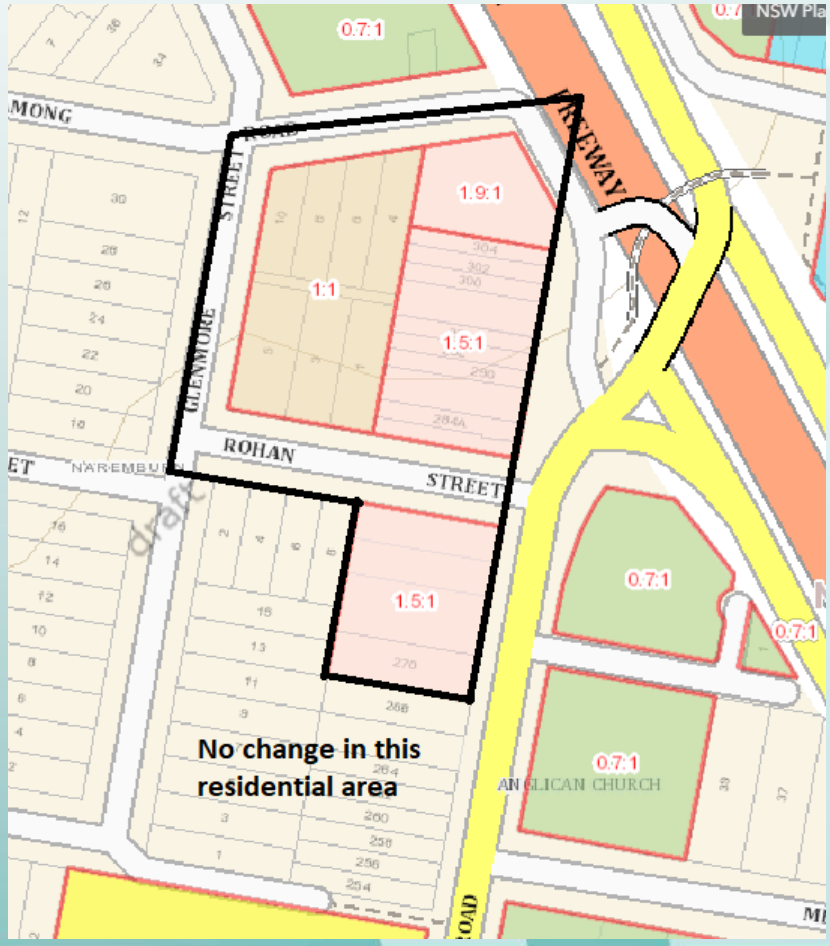

Changes to Floor Space Ratio

- Change in FSR to facilitate shop-top housing in Naremburn Local Centre

EXISTING

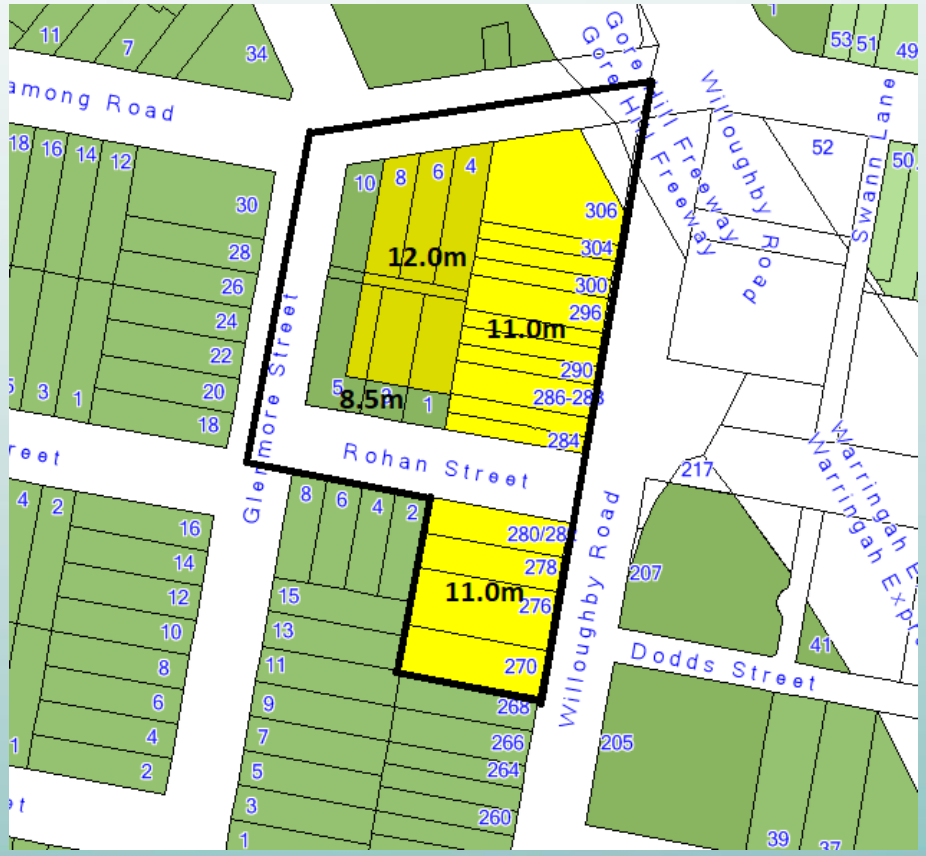

PROPOSED

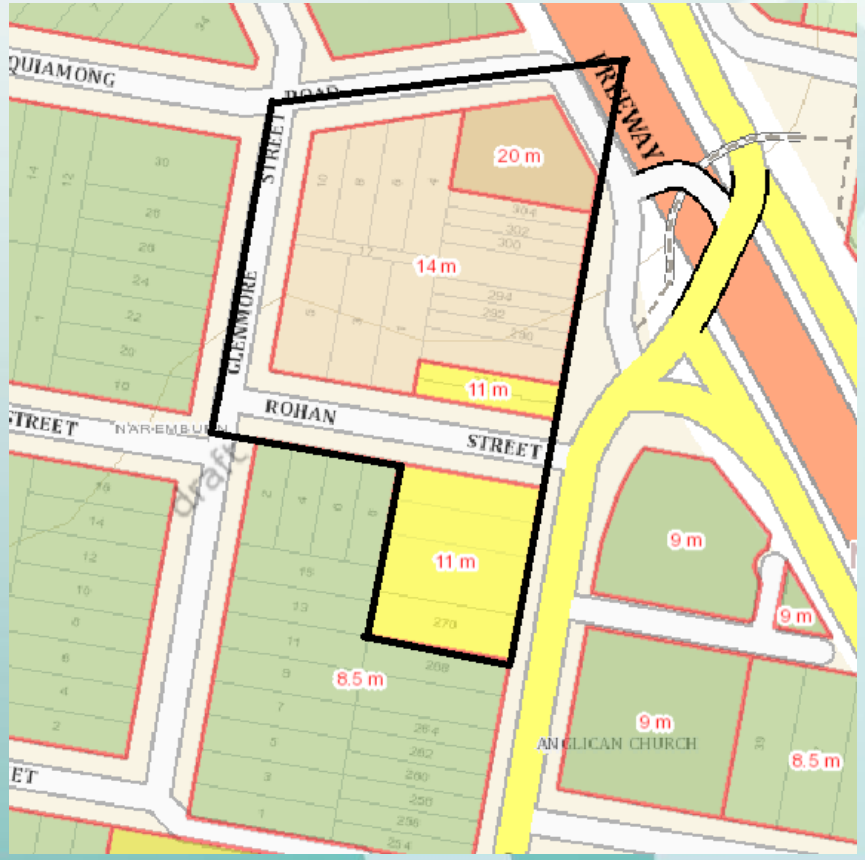

Changes to Height

- Change in height to facilitate shop-top housing
- Greater height on the north-eastern corner
- Potential for medium sized supermarket within the north-eastern site

EXISTING

PROPOSED

Reasons for Naremburn Local Centre Masterplan

The new draft WLEP aims to:

- Retain heritage items and the existing facades with heritage character
- Provide more suitable housing in a form and scale that is appropriate for the centre
- Improve the local centre to provide a high level of amenity and vibrancy
- Sustain a walkable local centre
- High quality open space with good landscaping and tree canopy
- Strike a sustainable balance between commercial, retail and residential to meet future growth
- Create a healthy, liveable neighbourhood

Concept Drawing of Masterplan (Not to Scale)

9.4 Controls for Naremburn local centre

These controls are shown in Figure 11 and apply to any proposed new development in Naremburn local centre:

1. Ensure a maximum of 4 storeys.
2. Ensure a maximum of 6 storeys and floor space ratio of 1.9:1 for amalgamated lots on the north-east corner site.
3. Ensure a maximum of 4 storeys and floor space ratio of 1:1 for amalgamated lots with 3m setback above 2 storeys fronting Glenmore Road and Rohan Street.
4. Maintain fine grain shop fronts along Willoughby Road.
5. Provide a minimum 3m upper level setback above 2 storeys fronting Willoughby Road.
6. Additional 3m setback above 4 storeys fronting Willoughby Road.
7. Ensure the built form (including height and setbacks) of new development does not detract from the heritage values of adjacent heritage listed buildings.
8. Provide a minimum rear setback of 18m for lots fronting Willoughby Road to allow for future public parking and service areas.
9. Make provision for ground floor arcade/public through site link.
10. Make provision for new public space with active ground floor frontage.
11. Delete car parking spaces in front of shops and relocate car parking spaces within new developments to create improved public plaza on Willoughby Road.

Affordable Housing Requirement in Naremburn Local Centre

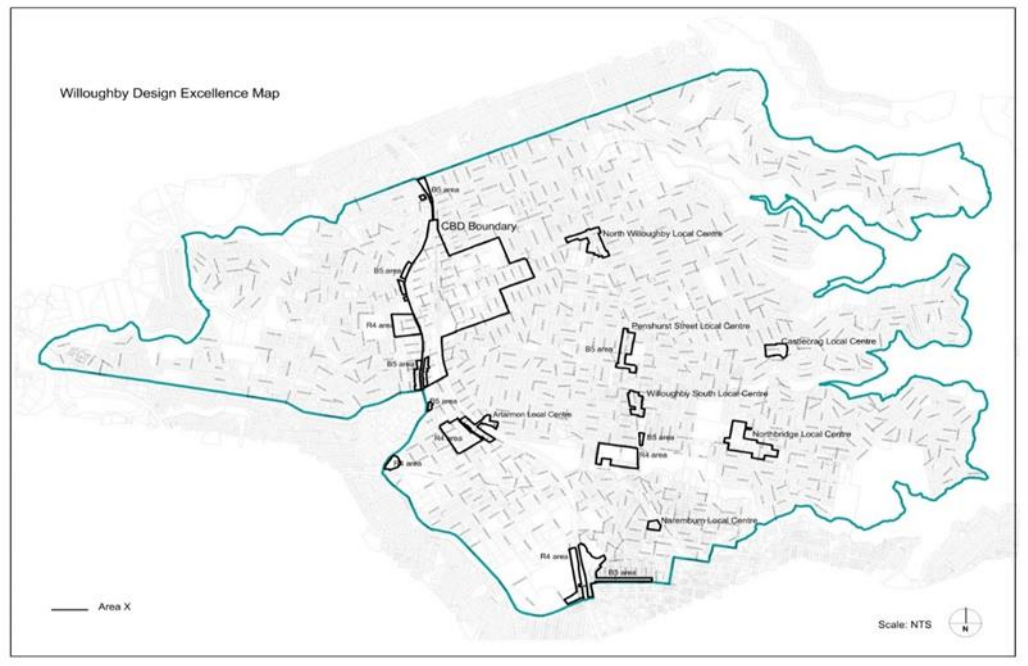

- **The proposed WLEP is seeking to improve the provision of affordable housing across the LGA to 10% of residential floorspace, however feasibility analysis indicates Naremburn Local Centre may not be able to sustain this increase and should remain at the current 4% level.**

- **Naremburn Local Centre included in Area 3 (Special Provisions Map) which requires affordable housing to be provided for redevelopment.**

Design Excellence Requirement for Naremburn Local Centre

- The proposed WLEP includes a new design excellence clause to achieve the best design outcomes

- The design excellence clause applies to the Naremburn Local Centre

- A Design Excellence Review Panel shall review and provide advice for proposed development within the Naremburn Local Centre

Other general LEP improvements

- Remove anomalies
- New Urban Heat Clause
  to ensure new development incorporates effective design and ongoing operation to reduce and remove urban heating from the environment, and protect community health and wellbeing.
- Removal of obsolete clauses (such as site specific where development completed)
- Update of state and local land acquisitions (road widening and open space)

Anomalies / corrections examples

233a Edinburgh Road

LEP Map boundary to be amended

Heritage Item 125– description in Schedule 5 is correct but map should extend further south to reflect the property which expands over 2 lots. Description should also mention 233 and 233a

Part L – Place based management plans

This Part includes specific guidelines and controls for the future development in the Chatswood Central Business District (CBD), the St Leonards precinct, and the local centres (such as Naremburn) identified in the Willoughby Local Centres Strategy.

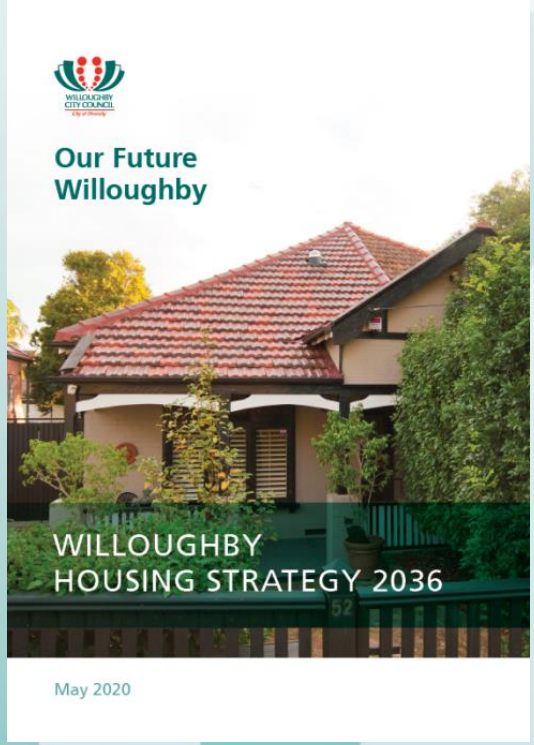

It is intended that the relevant performance criteria and controls under Part B and D of WDCP relating to residential and commercial development will apply to place management plans. However, if there is any inconsistency with the controls under Parts B and D of the draft WDCP, the controls under Part L will prevail.

The new dLEP in relation to Housing- Willoughby Housing Strategy

Key focus areas for new housing in Willoughby:

- Chatswood CBD in mixed use developments as endorsed in the Chatswood CBD Strategy
- Local centres as identified in the Local Centres Strategy including Naremburn
- Existing R3 and R4 zones

Protection of the existing R2 and C4 zones in the interests of housing choice and diversity.

LEP changes - Housing

- Change from an FSR control for R2 zone to GFA to create equity by aligning with the State Environmental Planning Policy (Exempt and Complying Development Codes) 2008 (known as the Codes SEPP)
- Introduce a new landscaping control into the LEP taken from the DCP to provide more legal strength.
- Amend dual occupancy provisions also be in line with the Codes SEPP by allowing immediate subdivision and removing battle axe configurations.
- Set a minimum lot size of 1,100m2 for a new dwelling type 'manor houses' introduced by the Low Rise Medium Housing Order in 2017 (A manor house is a single building which comprises three or four dwellings attached on one lot of up to two storeys in height)
- Change to the affordable housing clause in line with the Community Strategic Plan (CSP) and the LSPS from 4% to 10% where feasible.

>920-1000	25% + 150	380-400
>1000	400	400

Landscaping – Single Dwelling Houses

Existing WDCP Control / Proposed draft LEP Control

Site Area	WDCP Control	Required Landscaped Area (m2)
< 200	0.25 x site area	50
200-400	(0.35 x site area) – 20	50 - 120
401-600	(0.6 x site area) – 120	120 - 240
601-1000	(0.525 x site area) – 75	240 - 450
1001-1500	(0.6 x site area) – 150	450 - 750
> 1500	(0.5 x site area)	750

Existing SEPP Complying Development Control for Dwelling House

Site Area	SEPP (Complying) Control	Required Landscaped Area
200 - 300	10% of site area	20 – 30m2
> 300 - 450	15% of site area	45 – 67.5m2
> 450 - 600	20% of site area	90 – 120m2
> 600 - 900	30% of site area	180 – 270m2
> 900 - 1500	40% of site area	360 – 600m2
> 1500	45% of site area	675m2

FSR to GFA with Landscaping comparison

Site Area:	650.3m2
Max FSR (LEP 2012):	279.6m2
Max GFA (Housing Code/Draft LEP):	335m2 (312.4m2 proposed/approved)
Min Landscaped Area (WDCP/Draft LEP):	266.4m2
Min Landscaped Area (SEPP Complying):	195m2 (255.5m2 provided)

Changes to Dual Occupancy Provisions

WILLOUGHBY CITY COUNCIL

Forms of Dual Occupancy

Changes to Dual Occupancy Provisions

Proposed GFA Controls

- Attached (Side by Side) and detached: 25% of site area + 300m2
- Attached (one above the other): 25% of site area + 150m2, to a max of 400m2

- Landscape control

Site Area	WDCP Control	Required Landscaped Area
< 200	0.25 x site area	50
200-400	(0.35 x site area) – 20	50 - 120
401-600	(0.6 x site area) – 120	120 - 240
601-1000	(0.525 x site area) – 75	240 - 450
1001-1500	(0.6 x site area) – 150	450 - 750
> 1500	(0.5 x site area)	750

- Subdivision: Immediate

Changes to Dual Occupancy Provisions

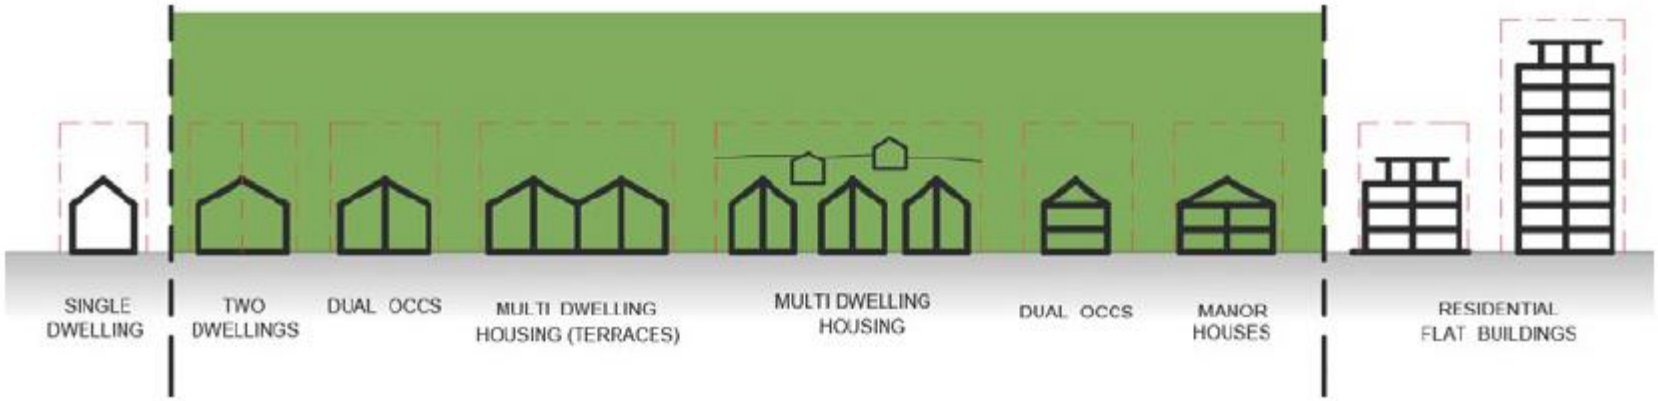

Site Area:	730.6m2
Max FSR (LEP 2012):	292.2m2 (292.2m2 proposed/approved)
Max GFA (SEPP Complying /Draft LEP):	482.6m2
Landscaped Area (DCP):	255.7m2 (311.5m2 provided)
Landscaped Area (SEPP Complying):	265.3m2
Landscaped Area (Draft LEP):	308.56m2

Manor Houses

Minimum lot size requirement for manor houses – 1100m² proposed
SEPP requires 600m2- applies in R3 Zone where RFB allowed

Affordable Housing

WLEP Control:	4% of residential floor space in new development in specified areas provided in addition to permissible FSR (e.g. FSR = 1.5:1 + 4%)
LSPS Commitment:	Increase affordable housing requirement from 4% to 7% by 2021 and 10% by 2026 building on CSP
Draft LEP Proposal:	10% of residential floor space within permissible FSR (e.g. FSR = 1.5:1 of which 10% is affordable housing)

Note **Feasibility Report by SGS Planning and Economics** available for consideration during exhibition.

DCP Changes

Twelve (12) Parts of new dDCP

Part A – Overview of Draft WDCP 2021
Part B – Residential Development
Part C – Development in C4 Environmental Living Zones
Part D – Commercial Development
Part E – Industrial Development
Part F – Transport and Parking Management
Part G – Vegetation Management
Part H – Heritage and Heritage Conservation Areas
Part I – Water Management
Part J – Building Sustainability
Part K – Development near Lane Cove Tunnel Ventilation Stacks
Part L – Place Based Plans

Draft DCP 2021 – key changes

1) New format to be more 'user-friendly' – incorporated controls to be development based

2) Residential:

- Part B – Residential Development
- Part C – Development in C4 Environmental Living Zones
- Minor and Major development
- R2 zone
  - controls to align with Complying SEPP (Exception landscaping incorporated in LEP)
- C4 (previously E4) zone
  - additional documentation for applications adjoin bushland and/or places of potential aboriginal significance
  - landscape controls in LEP
- Heritage Conservation Areas
  - demolition of a building or removal of any significant elements is not supported
  - information required for justifying demolition where sought
  - additional controls for semi-detached development
  - reinforces importance of protecting the external fabric and streetscape character
- R3 and R4 zones and shop-top housing
  - alignment with ADG
  - where not inconsistent with ADG existing controls remain
  - deep soil controls

Draft DCP 2021 – key changes

3) Local Centres including Naremburn

- Part B – Residential Development (shop-top housing)
- Part D – Commercial Development
- Part L – place based controls
  - reflecting controls contained in the Local Centres Strategy for Naremburn (setbacks, street wall height, through site links, public domain improvements, site area, floor plate size)

4) Other DCP provisions

- Part F – Transport and Parking Management
  - Changes adopting Integrated Transport Strategy recommendations
  - Travel demand management
- Part G – Vegetation Management
  - Changes adopted February 2020
  - Minimal further changes
- Part I – Water Management
  - Changes adopted October 2019
  - Minor changes to clarify provisions
- Part J – Building Sustainability
  - Changes adopted November 2020
  - No further changes proposed

Questions ?
How to find out more:

During the exhibition period a series of webinars is being held, with a focus on local areas.
A full program is available on;
www.haveyoursaywilloughby.com.au

Submissions on the new draft LEP and draft DCP can be made by visiting the above address or the NSW Planning Portal.

A submission can also be made in writing to:
The Chief Executive Officer, PO Box 57, Chatswood 2057 and may be published on line.

Contact our Strategic Planning Team on 9777 1000 or email to:
email@ willoughby.nsw.gov.au.

The planning proposal for the draft LEP is available on the NSW Planning Portal
www.planning.nsw.gov.au/About-Us/NSW-Planning-Portal

Thank you and next steps

- The dLEP and dDCP are now on exhibition until 7 June (a total period of 12 weeks)
- This series of webinars is being delivered to provide local and issue specific detail and the opportunity for questions
- Your feedback today will be included in a feedback report.
- Report to Council with any suggested amendments for finalisation is anticipated around October.
- Referral to DPE to make the new WLEP and for Council to endorse new DCP could occur later this year unless a further exhibition period is determined necessary in which case finalisation is expected to be during 2023.
