New fence mesh

Bicentennial Reserve playground is a local sized playground due for renewal as per Council's Open Space Asset Management Plan.

A new play structure with a double slide, fireman's pole, rock climbing wall and rope climbing nets and swing set with infant and strap seat are proposed. New bench seats made of recycled plastic and a new bubbler with bottle refill are also proposed. The existing fencing mesh will also be replaced.

Inclusive Playgrounds

- Can I get there?**
There is access from Small St via a level concrete path. There are 2 disabled parking bays to the north of the playground with easy level access. The nearest bus stop is on Willoughby Road, a 420m walk away.
- Can I play?**
There are a number of play experiences included on the play structure for a range of ages and abilities. Two different swing seats are proposed.
- Can I stay?**
There are bench seats and two bubblers with bottle refill. The nearest toilets are located underneath the Leisure Centre 130m away.

Context Plan

A Swing set with strap and infant seats

B New play structure with double slide, fireman's pole, rock climbing wall, rope climbing nets.
